FIELDS MURDER

Trio Charged With Crime Will Be Taken To Hazard First of the Week

The trial of Bradley Smallwood Chester Phelps and Melvin Lawson, charged with the murder of Fred Fields, near Corbin last to Hazard within a few days.

nocence. Fields was an ex-service the Entente relations. man, as are the men charged with his murder. Phelps, who has given a statement to this paper since his incarceration here, is anxious for the trial, as are the other two, since they declare they will be able to prove they were not at or near the scene of the murder when it was committed. Phelps had a caller in the person of an elderly woman Thursday, who has been making regular trips here to see him. She is a motherly woman, and practically raised the unfortunate young veteran.

It develops that on the night of the alleged murder by the trio, Phleps was at the home of a friend and attended church with two young women. He is a member of the Baptist church, it is said, and never allowed anything except the late war to interfere with his regular attendance. This commendable trait, which may be due to the care bestowed upon him by the woman who has kept him since childhood, may figure very conspicuously at the time of the hearing. Phelps was examined and it was learned, according to the aged woman, had never seen the murdered man except to will place him in fairly good physi- from asking for aid in any manner Nicholasville and plays a guitar be introduced to him by his two cal condition. companions in jail. The Bride's Apparel

Various criticisms are some times heaped upon the head of the editor, but the most frequent one follows the omission from the wedding account of what the bride wore. There seems to be a mania upon the part of a large portion of the people in knowing how the young lady was dressed. The next demand will be for information as to the color of the lingerie and the texture of the hosiery and then everybody will want to be an editor-that is, every man. Be that as it may, we are right now going to serve notice on prospective brides and would-be prospective brides, want-tobe prospective brides and hope-to-be younger members of the party. prospective brides that they must tell the editor what they are going to wear and how they are going to wear it and where they bought it and how much it cost. Superior Qualities

Of Peruvian Alfalfa Peruvian alfalfa shas decided advantages over other varieties for those sections of the United States where it will grow, say forage experts of United States Department of Agriculture. This should be taken as applying to the true or hairy Peruvian alfalfa and not to the so-called smooth-leaved Peruvian alfalfa. This later name the specialists regard as unfortunate, as it leads to confusion in the seed trade and gives unscrupulous dealers an opportunity to make execessive profits on mixed seeds. The "smooth Pe-ruvian is hardly distinguishable from common alfalfa." The principal advantages of Pe-

ruvian as compared with common alfalfa are its more rapid growth, quick recovery after cutting, and ability to grow in cooler weather, thus furnishing more pasturage during the winter and in late fall and early spring.

LAW IS NO JOKE IN MADISON COUNTY

Reports at the attendance meeting in Madison county will soon begin, at Lexington are to the effect that are said to give it little attention. This is not the case in Madison county where it is being enforced to the letter, with the result that all schools are overflowing and preparations are being made for more room for the scholars. The laws, as they have been construed here, are believed to have been meant as an earnest movement. and are being enforced accordingly. with the result that there is a great increase in the general attendance. There is a fine of ont less than \$25 for the first violation after fair warning has been given, and another may be punishable by a fine reaching \$100, hence the earnestness of the proposi-

The reports came as a sufprise to local officers and are determined to follow out the policy of persisting in obedience to the law in every re spect. Indications are that the fall and winter months will record the greatest attendance in years in Madison county schools. The parents of thos investigated by Truant Officer Paris B. Akin show a willingness to conform to the law in all regards, and a noticeable fact is that at the average school there are many students pas the age of 16 years. One teacher in a Madison county school stated recently that one-half the students in her care were "bigger" than she was but all are interested, it is said, in the question of learning, and unusual progress made last year promises to be repeated this year. The county schools will not be closed until jus before Christmas, and indications are there will be rapid strides made in various channels, including the continuance of the improvement of buildyours if you will keep your system ings and the increase in attendance.

Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into vomanhood . . I looked with dread from one month to the next: I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day,

I decided to

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have

not a pain. . . "It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female

If you suffer pain caused from womanly trouble, or If you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Madison County Man Will Not Overlook Being Shot While Down In Battle

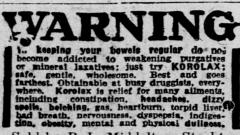

There was a battle-scarred ex-service man in Richmond Wednesday who enjoyed the visit more than anyone perhaps who has been here for months, since he once had a longing -a very intensive longing-to see "old Richmond," so he said to a comrade, whom he accidently met. This decided longing came to him after he regained consciousness on the battlefield at Chateau Thierry, and he gave up hope of ever seeing Madison county, from where he joined the hordes and went away. He had lain paring for the hearing of 15 cases for 28 hours, and to make matters booked for his court on Friday, which worse, he was "struck when down." erated upon several times, owing to quired, since several of them are said having been in the path of the en- to be such as to require the examemy's guns for hours at a time and ining of a large number of witnesses. only stopped when a charge of There was such a deluge of cases shrapnel struck him in the side, car- booked recently that this special date, rying away a number of his ribs and Friday, August 13, was chosen (una goodly portion of flesh.
